EDUCATION

B.Tech, Computer Science Engineering

Institute of Technical Education and Research (ITER), Siksha 'O'

Anusandhan University

Expected Graduation: 2028

ACHIEVEMENTS

- District-Level Debate Champion
- State-Level Debate Award Winner

★ SOFT SKILLS

- Public Speaking & Communication
- Leadership & Teamwork
- Critical Thinking & Problem Solving
- Time Management

Motivated Computer Science undergraduate with hands-on experience building full-stack and mobile applications using React, React Native, and Django. Completed a Web Development internship delivering multiple production-quality projects with modern UI/UX. Passionate about full-stack development, mobile apps, and clean, user-focused design — actively building a strong portfolio for software engineering internships.

INTERNSHIP EXPERIENCE

Web Development Intern

Thiranex Web

- Built and shipped multiple production-quality projects including a Portfolio Website, a travel discovery platform (Voyara), a Weather Application, and a To-Do Application.
- Collaborated on responsive, modern UI/UX design across all projects, from concept to deployment.
- Worked with React and related front-end tooling to deliver functional, polished web applications.

PROJECTS

PocketPilot

Personal Finance & Budget Management App | React Native, Expo

- Built a mobile app for category-wise budgeting, expense tracking, and an analytics dashboard.
- Implemented a UPI-based workflow and a modern, intuitive UI/UX.

Voyara

Travel Explorer Platform

- Developed a modern travel discovery platform with destination browsing and filtering.
- Designed a responsive, interactive interface for seamless exploration.

Portfolio Website

Personal Portfolio

- Built a responsive portfolio website showcasing projects, skills, and contact information.

Weather Application

Live Weather Data App

- Integrated a live weather API with a clean, responsive UI.

To-Do Application

Task Management App

- Built full CRUD functionality with local storage and a responsive interface.

Aerocast

Web Application | Deployed on GitHub Pages

- Developed and deployed a web application, hosted live via GitHub Pages.

TECHNICAL SKILLS

Languages: Python, Java, JavaScript, HTML5, CSS3, SQL

Frameworks: React, React Native, Expo, Django

Tools: Git, GitHub, VS Code, Vercel, Netlify, npm

CERTIFICATIONS

- Generative AI Mastermind — OutSkill
- Claude Code in Action — Anthropic
